CLUB CHAMPIONSHIPS

Don't forget that the 2024 Club Championship Calendar can be found on the noticeboard near the Bowls Office as well as on the bowls' website: <https://qrslm.bowls.com.au>

Upcoming:

Club Mixed Pairs: Nominations are now open for the Club's mixed Pairs. The nomination sheet is on the noticeboard. If you are interested in playing in the mixed pairs but have not yet found a partner please don't hesitate to add your name to the nomination list so that others know that you are looking for a partner. We can all work together to help find playing partners for those who don't yet have a partner.

Please keep an eye on the board and check out the website for any Club Championship information. We don't want members to miss out on important dates or information.

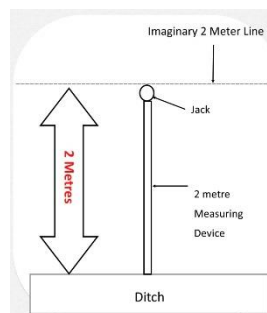

A reminder that a link to current and past draws and results can be found at:

SPRUSO- Sept 7th, 8th

Following on from a very successful Easter Tournament we are looking forward to an equally successful Spruso tournament in September. Mark this date on your calendar and think about putting an entry in. Flyers containing an entry form are available from the club. Alternatively you can speak to Marta about putting an entry in. If you are unable to play but would still like to help out on the weekend you can contact Chris Walker and let her know your availability.

ON THE GREEN

Where is a jack placed that has been delivered and comes to rest between the "T" and the ditch?

It is placed with the point that is closest to the mat-line 2 metres from the front ditch and on the centre line.

Where is a jack placed that has gone out of bounds through being displaced by a bowl?

If the CoP call for the jack to be re-spotted then it is placed in the same position as a delivered jack that has gone past the "T". However, if there is a bowl/s occupying the re-spot mark then the jack will be placed as close to the mark as possible, keeping in line with the centre line and with its nearest point as close to the 2 metre mark as possible without touching the bowl/s that are occupying the spot. It may be that this spot might be less than 2 metres from the ditch.
